

Blackwood Photographic Club was formed in 1983 to encourage and promote enjoyment of the art of photography in our community. With over 40 members from all walks of life we have a wide ranging level of skills and experience that we are happy to share.

Among us there are those who work in a traditional way using slide and negative film, while others have embraced digital photography and electronic imaging.

Members cameras range from disposable film cameras (we have an annual competition for that) to film cameras (compact, large format & SLR), to digital (compacts, superzooms and dSLRs) – we encourage all photographic devices!

The club has fortnightly meetings for most of the year with regular competitions, peer review nights, workshops, field trips and a variety of informative and social activities.

Our web page ([**www.blackwoodphotoclub.org**](http://www.blackwoodphotoclub.org)) describes our programme, has numerous samples of images from our outings and competitions, a regular newsletter and discussions about events of interest to photographers.

Images from members may also be viewed on our Flickr group ([**www.flickr.com/groups/blackwoodphoto/**](http://www.flickr.com/groups/blackwoodphoto/))

Everyone is welcome at our meetings, held in The Studio, Memorial Hall, 21 Coromandel Parade, Blackwood on alternate Thursday evenings from 7:30pm, when you will have an opportunity to join in our activities without obligation. There is no need to bring a camera.

The images presented here are a sample of some of our work which we hope you will enjoy.

Ashley Hoff
President
