

# CameraComp for Blackwood Photographic Club

## Creating an Account.

1. Visit [www.cameracomp.com.au](http://www.cameracomp.com.au)
2. Click **Log In** (top right)
3. Select **Create an account**
4. Enter your details and use the club code: **0E082D09** (The **0** is a number, not a letter)

## Entering a Competition

1. Log in
2. Upload your images in the Gallery (which is the landing page)
3. Go to the COMPETITIONS page from the top menu. Find the competition you want to enter — open competitions are accepting entries. Tap on the competition, select a category, upload your photo, and tap Submit.

*Please Note - Image naming differs from what you've been asked for with our previous manual process. CameraComp only needs the Title of the Image - not your name, section and category. Please use Title Case for image naming.*

4. When you have completed adding and reviewing your images press SUBMIT ALL IMAGES
5. You can edit or delete your entries while the competition is still open for submissions. Editing an entry will mark it as a draft — you will need to re-submit it. Once the competition closes, entries are locked for judging and cannot be changed

There is a help file in CameraComp, accessed by clicking on  on the top menu.

If you experience any issues, please contact the competition coordinator, Gordon Lindqvist, at [BPCdigitalentries@gmail.com](mailto:BPCdigitalentries@gmail.com)
